

2020 SPONSORSHIP INFORMATION

NOAH'S BANDAGE PROJECT

Agape
Montessori School
"Where Love & Learning Come Together"

Dear Friend,

Noah's Bandage Project is proud to announce the 5th annual **Noah's Crown Town 5K!** This yearly event is the largest fundraiser hosted by NBP and was the catalyst for a \$1,000,000 pledge made to Children's Mercy Hospital to fund pediatric cancer research, right here in Kansas City. We invite you to join us in spreading awareness, funds, and bandages through the mission Noah started.

WHO IS NOAH?

Noah Wilson was diagnosed with cancer in April of 2014 (when he was only 6 years old), but never let it change his passion to help others. He always had a huge heart and was constantly looking for ways to help people. When his treatment began, he found himself getting pokes almost daily. The hospital where he was being treated did not have cool bandages, leaving the children there having to settle for the boring brown ones. Noah saw this as an opportunity to help his fellow patients and decided that he wanted to start collecting cool and fun bandages for his new friends. You see, Noah knew that a bandage is so much more than just a wound cover and wanted to help others see how awesome a cool and fun bandage could be.

To Noah, a bandage is:

- A Badge of Courage – shots and procedures hurt and can very easily bring anxiety to those who must experience them. A bandage becomes their badge of honor showing others that they overcame something scary. It helps them show off how brave they are!
- An identity – especially on a cancer floor, where kids wear similar hospital gowns, are bald, and end up looking a lot alike, a bandage becomes a way that a child can express themselves and share with others their interests and things that make them smile!
- Fun – Kids battling sickness of any kind need all the fun we can give them!

Noah also learned that when it comes to funding cancer research for kids, there is very little support. In fact, only **4%** of the U.S. national cancer research budget goes to kids...4%!! So, Noah wanted to help in this area too, and takes money that is donated to his project and turns it into grants for pediatric cancer research.

To date, Noah's Bandage Project has collected and distributed over 255,000 boxes of bandages and funded over \$700,000 for pediatric cancer research. Through this funding, four childhood cancer research grants have been provided to Children's Mercy Hospital in Kansas City, MO.

After being victorious in his 14-month long battle against Ewing Sarcoma, Noah contracted a secondary cancer, AML Leukemia on June 29th, and passed peacefully on June 30th, 2015. The secondary cancer was a side effect of his treatment, which is a direct result of the limited funding children fighting cancer currently receive. Noah lives on through the lives he touched and the mission of his bandage project.

ABOUT THE EVENT:

Our 5th annual race will be held on **Sunday, April 19, 2020** at 8am at Corporate Woods in Overland Park, Kansas. With over 7500 participants our first four years, we expect this to be a great opportunity for our sponsors to promote while supporting a great cause. We will have Danny Duffy of the KC Royals and many other local celebrities as our special guests.

Your **sponsorship** will not only help defray the costs of organizing such a big event, it will also help give back to Noah's Bandage Project and its mission to providing funds for childhood cancer research.

Enclosed, you will find sponsorship levels and benefits. We invite you to consider joining our team in becoming a sponsor and giving back to the kids! Feel free to contact us or simply send your sponsorship gift today.

Thank you in advance for your help! With your generous support, we can help research, develop better treatments or even find a cure for pediatric cancer.

Sincerely,

Noah's Crown Town 5KTeam
